## THE CHICKENS COMING TO TOWN

Annual Show of The Southern Indiana Poultry Association Begins Tuesday.

PROMISES TO BE A SUCCESS

Many High Class Birds Entered, Including Chickens, Ducks, Pigeons and Geese.

Tomorrow the chickens and other domestic birds will come to town to attend the annual show of the Southern Indiana Poultry Association which is to be held in Society hall January 23-27. This is an exhibition that always attracts general attention and interest for there are few people, whether interested personally in the raising of poultry or not, who do not like to look at a coop of nice chickens or other birds.

The show last year was a success but the one this year promises to be a bigger success. The officers of the association have been busy for some time advertising and working to secure entries and they have received every encouragement. If inquiries from poultry raisers and promises indicate anything the exhibit this year will be considerably larger than last year. One thing is certain there will be more of the really fancy and high class birds lined up in the contest for premiums.

Cash premiums are offered in many classes and in addition there will be given numerous special premiums, including decorated ribbons and silver cups which are much sought for advertising purposes.

While Tuesday is the first day of the show, the real interest for the public will begin Wednesday morning. Tuesday will be entrance day and the exhibitors will be busy arranging the coops for the display. All birds must be in the hall by Tuesday evening. E. G. VonFange, who is the secretary this year, received quite a large number of entries from outside the county this morning, some of them being for very fine show birds.

### Remains Taken to Greencastle.

The funeral services of Dr. Nelson G. Smith were held at the First M. E. church this morning at 9 o'clock. By his request the former pastor, Rev. H. H. Allen of Washington, had charge of the services, assisted by Dr. D. L. Thomas and Rev. F. M. Huckleberry.

The services were short and carried out the last wishes of the deceased. His favorite songs were sung by the quartet which was composed of Mrs. Fannie Reynolds, Mrs. Fannie Hancock, Ed Hancock and E. C. Bollinger.

The remains were taken to Greencastle on the 10:04 train, accompanied by the widow, the two brothers, Miss Clara Massman and F. J. Voss. A short service was to be held at the grave by Dr. Gobin, vice-president of DePauw University and a solo to be sung by Harry Maxwell. The remains will rest in the family lot.

**GRISAMORE.**—John Grisamore, age 63 years, one of the oldest citizens of Medora, died Saturday morning following an attack of appendicitis. He was taken sick on Thursday and was too ill from the first to undergo an operation. He leaves a wife and five children. One son, George, formerly resided in this city. The funeral services will be held at noon Thursday in charge of Rev. Lott of the U. B. church and the Masonic and K. of P. lodges.

**MINISTERS ORGANIZE.**  
**Southern Indiana Christian Ministerial Association Formed Today.**

The ministers of the Christian churches representing four counties met at Columbus this morning and organized the Southern Indiana Christian Ministerial Association. The object of the association is for mutual benefit and study and the arrangements will be perfected for a course of reading circle work. Meetings will be held regularly on the first Tuesday of each month at which time a paper will be presented by some member of the association for discussion. The officers were: Rev. Harley Jackson, President; Rev. W. H. Book, Vice-president; Rev. George Rader, Secretary.

### Two Foreign Globe Trotters.

Two interesting young foreign globe trotters arrived in Seymour this morning and will spend a couple of days here. They are from Holland and are making a tour of the world for pleasure and experience. One of them is Gottfried Rodriguez, 23 years of age and who has made a reputation in many countries as a pedestrian. He has walked through the majority of the countries of Europe. His companion is Lieutenant Herbert Nordwall for a number of years an officer in the army of Holland. Both men are highly educated, speak several languages fluently and during the last few years have had many interesting and exciting experiences. Both have been magazine and newspaper contributors and Rodriguez before he began touring the globe was a member of a famous European grand opera company.

Nordwall will return to Europe next year to assist his father in making a race for parliament. He expects to introduce some American methods in the campaign.

Rodriguez will start from New York next month on a hike to San Francisco and expects to make the trip within 70 days shattering the world's record.

### Men's Meeting.

The Executive Committee of the Committee of One Hundred met at the Presbyterian Church yesterday afternoon and arranged to hold a mass meeting of men next Sunday afternoon. Arrangements are being made for a speaker and fuller announcement will be made as soon as it is definitely settled who will make the address. The committees of the organization have been working quietly, perfecting plans for their work.

Clyde Steinbrenner of Indianapolis will organize a dancing class in the Society Hall Thursday, Feb. 1, 1912. Anyone wanting to join the class please be present at eight o'clock. Also children's class 4:30 to 6 p.m. No one except the class and patrons allowed in the hall during dancing school.

Mrs. Walter E. Hyatt was admitted to the Schneck Memorial hospital Saturday afternoon for treatment.

## NEWSY PARAGRAPHS.

Judge Shea is holding court in Lawrence county this week.

Mrs. John Criteher is sick at her home on South Poplar street.

Mrs. Rose Weddle who has been seriously ill is much better today.

Mrs. Alice Gray Cox is quite sick at her home on West Fourth street.

Rev. T. C. Smith supplied the pulpit at the Baptist church at Linton Sunday.

General Superintendent Galaway of the B. & O. S-W., was here in his private car today.

Mordeca Ruddick, who has been sick with erysipelas, has suffered a stroke of paralysis.

The silver cups to be given as prizes at the poultry show are on display in the show window at the Stratton jewelry store.

Lynn Huber, son of Mr. and Mrs. George Huber, celebrated his third birthday Sunday at his home on East Fourth street.

No word has yet been received as to what decision was rendered Saturday in the federal court in Oklahoma in the Burrell case.

John M. Lewis left this morning for a few days trip through the district in the interest of his candidacy for district chairman.

While Harvey Greeman was in Chicago last week on business he fell on the slippery pavement and broke the little finger on his left hand.

Arthur O'Connor will remain as cutter with the Von Fange brothers who recently purchased the monument business on South Chestnut street.

Mrs. Etta McCrary of Brownstown was taken through here this morning to Indianapolis where she will enter the Methodist hospital for an operation.

The report circulated a short time ago that L. M. Gruber of Redding township might be a candidate for auditor was a mistake. He has no intention of making the race for any office this year.

Maurice Riehl was given a pleasant surprise Sunday evening by a number of his friends in honor of his fifteenth birthday. The evening was spent with music and games. Refreshments were served.

Conductor Clark of the I. & L. traction line, a very clever gentleman, is a candidate for the Democratic nomination for sheriff of Scott county and there is a strong probability that he will be successful.

Victor Fettig went to Indianapolis this morning to attend a two days' convention of the Tri State Retail Harness Makers' Association. The members of the association are from Ohio, Indiana and Kentucky.

There was quite a large increase in the attendance at the Methodist Sunday School yesterday as a result of work done the past week. The attendance was about 100 more than that of several preceding Sundays. Two new classes, one a men's Bible class and the other a women's class were organized. Dr. D. L. Thomas taught the former and Mrs. Guernsey the latter.

## UNPLEASANT EXPERIENCE

Believed An Attempt Was Made to Chloroform Former Seymour People.

### WHO NOW LIVE AT VINCENNES

James Theriac Family Had Night Visitors.—Identity of Callers Unknown.

The Vincennes Sun of Saturday contained the following article regarding James Theriac and wife formerly of this city:

Mr. and Mrs. James Theriac of 617 South Seventh street, are of the opinion that some one, they have no idea whom, attempted to chloroform them last Wednesday night. Mrs. Theriac was awakened by a noise out on the front porch and attempted to awaken Mr. Theriac, finding it impossible to do so. At the time there was an odor coming from the left side of the house like that of chloroform. She questioned her son, James, as to whether or not he had been out on the porch and he declared that he had not been out of the bed. He complained of a severe headache at the time. Mr. Theriac is always the first one up of a morning but Thursday morning he was the last to awaken and awakened with a headache. Mr. and Mrs. Theriac have gas in the house but this is used only for lighting purposes. On the night of the trouble the lights were not burning, and none of the gas jets were open.

### MARRIED.

RUMPH-ESTEP.

Grover G. Rumph and Miss Ruth Estep were quietly married at the clerk's office in Brownstown Saturday evening. The groom has a position with the American Express company at Indianapolis. They left Saturday evening for that city where they have a newly furnished home on English avenue.

### May Enter Race.

August Varnholt, ex-assessor of Hamilton township, has been conferring with Democratic leaders and friends regarding a contemplated entrance into the race for the nomination for treasurer. He will decide what he will do in the matter this week. At present there is but one candidate for nomination, John E. Belding of Crothersville.

## REGISTRATION LAW

Does Not Please Indians Employed in Washington.

A special from Washington, D. C. says:  
Fully 300 Indiana voters in the city of Washington are completely "up in the air" over the harsh conditions imposed upon their right to vote in the Hoosier election this year.

Around in the various departments indignation conferences are being held from time to time, but absolutely no relief is in sight.

The new Indiana registration law, which becomes operative this year, is the cause of all the trouble. The Indian employed at Washington, who wishes to exercise his right of suffrage, must make two trips to Indiana—one to register and the other to cast his ballot. Heretofore only one trip has been necessary. Either six months, ninety days or thirty days before the election he must go to Indiana and have his name legally enrolled among the qualified voters.

Leave of absence for two trips is one obstacle to be considered, but the greatest handicap to the exercise of the voting franchise under such conditions is the cost. A trip to Indiana and return, with a few days spent in the state, can hardly be accomplished at less expense than \$100. A department clerk, who barely seeks out a living, or who probably is headlong in debt, can ill afford the cost of making two trips home. Unless the state committees "put up" for this expense, which is hardly probable, there will be a very small exodus of Indiana voters from the national capital at election time, as compared with former years.

Some of the Indians here are appealing to members of Congress and to friends in the legal profession back home for information as to whether or not the requirement of a special trip home to register can not, in some way, be obviated, by affidavit or otherwise. The invariable reply of those who construe the law is that registration by affidavit or in any way except by person will be illegal.

Conductor Eddings and his brakeman had miraculous escapes from death in the B. & O. Southwestern yards this morning about 8 o'clock.

The switching crew was busy getting out a caboose for freight train No. 98 which was to leave for a trip east, when the accident occurred.

The switching crew was pushing two cabooses on a track near the relay depot when the cabooses collided with a loaded coal car on another track which was not in the clear.

In one of the cabooses Conductor Eddings and a brakeman were asleep when the crash came and the caboose which they occupied was badly wrecked. They were caught beneath a lot of dislodged timbers but escaped without receiving any serious injuries.

The wreckage had not been cleared away at noon, the wrecking crew being at Mitchell clearing the track of a wreck which occurred early this morning.—Washington Democrat.

I will open a meat market at the corner of Pine street and Elmore Avenue, Tuesday, January 23rd. Phone 515. Orders delivered. P. JOHNSON.

Rev. George Rader went to Columbus this morning to attend the Southern Christian Ministerial Union in session at the Tabernacle church there today.

## YOU CAN GET YOUR MONEY

Out of a pair of Felts, Arctics or Rubbers in one day when the thaw comes with its slush, ice and water, and as winter has just begun there will probably be several more snows with their accompanying thaws. With the passing of cow hide boots and shoes, rubbers became a necessity, the demand for them increases every year as people more and more realize the necessity of guarding their health. Then there is the comfort. Wearers of Rice & Hutchins shoes are comfortably tastefully and economically shod.

## ILLINOIS MAN

Comes to Inspect the Seymour Staple Cement Post.

Adam Saal, a prominent resident of Pekin, Illinois, was here today the guest of W. P. Masters. He came over primarily to visit the Seymour Staple Cement Post plant and to inspect posts made at the local factory. He is an experienced concrete worker and of course knows a good article such as is turned out by the Seymour factory.

Mr. Saal was a pioneer in the use of cement in this country. He constructed some concrete walks in his home town in 1897 and those walks are as good now as when he put them down. For that work he imported the cement from Germany, paying five dollars a barrel for it. He is now extensively engaged in the manufacture of concrete building blocks and concrete burial vaults. He does a large business and is widely known in his state.

FOR DISTRICT CHAIRMAN.

As the time for the election of Republican district chairmen approaches the interest in the contest in the fourth district between Hon. John M. Lewis of Seymour and the present chairman, Jacob Bauer of Lawrenceburg, increases. The Republicans of Jackson county are united behind the candidacy of Mr. Lewis, are deeply interested in it and are confident that he will win. There seems to be ample justification for this confidence. The assurances of support from leaders and from the rank and file in the different counties of the district have been so numerous and of such a character as to greatly encourage Mr. Lewis and his friends.

The Republicans of this county believe that his selection would strengthen them in the approaching campaign and it has been a number of years since the county was honored with the chairmanship. But there are other strong reasons for his selection of more general interest to the district.

In the first place it has been the custom for years past in the district to give a chairman but one term and so well recognized has been this rule that this is the first time for years that a chairman has even asked for reelection as Mr. Bauer is doing. In the second place at the North Vernon conference held some time ago before the initial activities of reorganization had begun Mr. Bauer stated positively that he would not be a candidate for reelection and Mr. Lewis has since been actively working for the position. But paramount in importance to the Republicans is the question of qualification. Judge Lewis has the qualities which commend him for the district leadership. He has had the necessary experience, having been actively engaged in every campaign since he was old enough to take an interest in politics.

He has been loyal to the party at every stage of the game, has given of his time, money and energies and has worked in the campaigns not only in this county but has spoken in most of the counties of the district. He is a good mixer, has a wide acquaintance, is a fine speaker and an organizer of ability and experience. He is fair and promises that if elected his work will be directed only for the general good and success of the party. He has not before asked recognition of the district and his friends and the Republicans of Jackson county will appreciate and remember support given him in his race. Recognizing his qualifications and his ability to be of great service to the party, they do not hesitate to ask for this support.

HAY'S HAIR HEALTH THE FAVORITE

Refined Woman Give This Invigorating Hair Tonic the Preference.

When a woman buys a Hair Restorer she is particular to get something just right. She wants a preparation that is safe and pleasing, and she doesn't want people to think she's dyeing her hair.

HAY'S HAIR HEALTH cleans up and invigorates the scalp and encourages new hairs to grow. Brings back the NATURAL COLOR to your hair, makes it soft and lustrous—same as when you were young. Leaves no stain on skin and nobody can tell you are using it.

Mrs. Fred Gompert, of 223 W. 148 St., New York City, writes us:

"About six months ago I had a bald spot on the very top of my head as big as the palm of my hand. In about seven weeks' time, using HAY'S HAIR HEALTH continuously, new hairs started to grow. They are getting just as long and are the same color as the rest of my hair. I shall never give up using it."

You can get it at any druggist's for 50c. or \$1.00 per bottle or from the Philo Hay Spec. Co., Newark, N. J.

J. T. HARAHAN.

Rock Island railroad, also was killed as was E. E. Wright, an attorney of Memphis, Tenn., son of former Secretary of War Luke E. Wright. More than a score of passengers were injured.

Mr. Harahan and Mr. Pierce were in Mr. Melcher's private car, which was attached to the rear of a passenger train which was standing at the station at Kimmundy. The Seminole limited, running fifty miles an hour, crashed into the standing train without warning, the engine telescoping the private car.

#### A FRIENDLY CALL

Duke of Connaught's Visit Has No Official Significance.

New York, Jan. 22.—Royalty is in our midst. The Duke of Connaught, uncle of King George and governor general of Canada, with the duchess, their daughter, the Princess Patricia, and a small suite, arrived at the Grand Central station at 7 o'clock this morning for a four days' visit to Amaabssador and Mrs. Whitelaw Reid. Except for the dinners that have been planned nothing has been planned to occupy the time of the royal party. The visit is not a parade; it is simply a personal visit and there is nothing official about it.

#### FIFTEEN KILLED

Deadly Result of Dust Explosion in Wyoming Coal Mine.

Kemmerer, Wyo., Jan. 22.—Fifteen miners are reported killed and probably forty injured in a dust explosion in mine No. 4 of the Kemmerer Coal company. Of the forty injured, it is known that nine who have been taken to the hospital at Rock Springs are in a serious condition. There were 112 men in the property at the time of the explosion, and those who were not killed or injured rushed to the aid of their stricken companions.

#### Used Gasoline by Mistake.

Greenfield, Mo., Jan. 22.—Mrs. Toliver and three children were burned to death in their home near Arcola. The husband in an attempt to start a fire in a stove used gasoline by mistake.

#### Heavy Loss at Jeffersonville.

Jeffersonville, Ind., Jan. 22.—The ice gorge has caused an estimated loss here of \$30,000, including boats and barges of coal, coal floats and other property.

#### I. RAYMOND POINCARE'

New French Premier Already Confronted by Ticklish Case.

Paris, Jan. 22.—The debate in the chamber of deputies today will allow Premier Poincaré to explain the attitude of France in regard to the seizure of the French vessels by Italian warships near Tunis. A strong effort is being made to arrange that the general question in regard to the seizures shall be referred to The Hague arbitration tribunal.

## GAVE CHAMPAGNE TO THE PARROT GUESTS

One of the Incidents of a High Society Dinner.

San Francisco, Jan. 22.—A sensation has been created in the highest society circles by the "animal dinner" given by Mrs. Welch at the Fairmount hotel. Mrs. Welch's dinner table represented a scene in a jungle. Figures of lions and tigers, giraffes and elephants peered from miniature thickets, but it was the introduction of living creatures into the picture that furnished an element of eccentricity. Ducks, parrots, frogs, lizards, canary birds and crabs kept strange company with the lay figures of the beasts of the jungle.

The climax of "fun" was reached when a wag suggested that the sportiness of the parrots be tested by giving them bread soaked in champagne. One became noisy and vociferous and changed his mild conversational tone to wildly declamatory comments, such as "Have a good time, have a good time, but be sure and come home by three"; and one that had been swearing all evening subsided and fell asleep. Goldfish were fed on champagne-soaked crumbs and turned over and died. Ducks released from a cage flew wildly around the electric light bulbs, and crabs were found crawling about the dining room.

#### MRS. BATTY LOST

Court Holds That Baby Claimed by Her Is Not Hers.

Indianapolis, Jan. 22.—The child known as Bernard R. Batty, jr., of whom two women swore to be the mother in testifying in superior court several weeks ago, is not the child of Mrs. Leona A. Batty, divorced wife of Bernard R. Batty, nor the child of Bernard R. Batty, Judge Joseph Collier of that court decided.

The case is the one in which Mrs. Batty, about forty-four years old, and an eighteen-year-old Eaton (Ind.) girl each swore the child was her offspring. Mrs. Batty said the child, who is now with her, was born to her Oct. 28, 1910. The girl said he was born to her Oct. 17, 1910, in a foundling institution, and was taken away from her early in the evening of Oct. 28.

When the Battys were divorced no intimation was made by Mr. Batty that the baby was not that of his wife, nor that he was not its father. The court made an order that Mr. Batty pay \$15 a month for the support of the baby, and \$15 a month for the support of another child.

It was on a petition to modify the decree, filed after Mr. Batty had collected evidence that the baby was not born to his wife, that all the evidence was disclosed. It was on this evidence that the court ruled. Judge Collier said that he would modify the decree, but did not state the terms from the bench.

#### Furnishes Habitual List.

Anderson, Ind., Jan. 22.—Superintendent of Police Pritchard has prepared a list of the habitual drunkards in Anderson and will furnish each saloon keeper with a copy. There are fifty-one names on the list, and of these three are women. Superintendent Pritchard has notified the saloon keepers that anyone who sells any member of the list a drink will be vigorously prosecuted.

## Gold Mine's Annual Clearance now on in full blast.

We propose to close out every article of merchandise, below cost in many instances.

How do we do it?

Our Inventory, just completed, gives us a record of all merchandise on hand. Many lines, on account of unfavorable conditions, are still in the majority. Inventory prices regulate our enormous cuts.

The consumer is wondering, "How do we do it."

Modern merchandising demands prices according to your inventory, which we are doing at this Annual Clearance.

Weather conditions will not interfere with this sale as the attractive prices will overcome any stormy weather that we may have.

Every department is included in this gigantic money saving opportunity.

#### Health Statistics.

The statistical bulletin of the State Board of Health just published says, the health of the state in December, 1911, was better than for the same month in 1910. The deaths numbered respectively, for December 1910, 2,777, for December, 1910, 3,017 deaths.

The most prevalent diseases were tonsillitis and bronchitis. Pneumonia stood ninth. In the same month last year it stood fifth. Tuberculosis wrought its usual slaughter, killing 305 persons, invading 296 homes and making 145 orphans. This disease is the result of wrong living and the State Board of Health proposes that we live rightly and get rid of the misery, expense and sorrow which the disease brings.

There were three cases of poliomyelitis reported, with two deaths.

Diphtheria—321 cases in 49 counties, with 48 deaths.

Scarlet Fever—314 cases in 53 counties, with 11 deaths.

Hydrophobia—8 persons were bitten, 2 cases and 1 death. The death occurred at Logansport.

Typhoid Fever—168 cases in 50 counties, with 50 deaths.

Violence—190 deaths. In the same month last year 217. The murders numbered 5, suicides 29, accidental deaths 156.

The State death rate was 12.1, city rate 13, and country rate 11.4.

The cities named present the following death rates: Indianapolis,

15.4; Evansville, 12.1; Fort Wayne, 10.8; Terre Haute, 15.9; South Bend, 11.1.

The births for November, 1911, numbered 4,405, males, 2,308, females, 2,097. The highest birth rate was in Knox county, 31.0, and the lowest in Decatur county, 9.7.

#### \* Secret of Woman's Beauty

There is no secret about a woman's beauty. It all lies in the care she devotes to herself and keeping at bay those fearful female diseases. No woman can be beautiful who suffers from aches and pains, "the blues," dizziness and irregularities.

Intelligent women now feel free to acknowledge that Lydia E. Pinkham's Vegetable Compound overcomes the multitude of painful ailments peculiar to women and restores the system to a normal healthy condition, and your druggist will tell you that he sells more Lydia E. Pinkham's Vegetable Compound than all other medicines for female ills put together.

Saturday night Win Garriott of Austin while returning from a Democratic meeting at Scottsburg had a serious accident. At Austin he jumped off the car before it had come to a stop and was badly hurt. Some fears as to the outcome of the accident are entertained.

Mr. and Mrs. C. E. McKee of Indianapolis were called here Sunday by the death of the late Dr. N. G. Smith.

The Famous River Ganges.

The river Ganges, in India, is famous for two things—its alleged purifying influence on all who bathe in it and its muddiness. For ages there has been a belief among the Hindus that a dip in the Ganges, particularly at Benares, where the water is full of impurities, is a safeguard against the cholera, typhoid fever and other infectious diseases. An analytical examination of the river water at Benares has revealed the interesting fact that the Ganges is fairly alive with bacteria antagonistic to the bacilli of cholera and typhoid. The plague ridden Hindu who plunges into the river to bathe in it and even to swallow a few mouthfuls of the muddy water provides himself with a vast army of useful microbes which will quickly sweep out of existence and out of his system the deadly microbes of disease. So there must be some merit in the reputed medicinal virtues of the Ganges after all.

## MATERIAL REDUCTION IN THE SUGAR TARIFF

Committee Practically Agrees On the Terms.

Washington, Jan. 22.—Practically the terms of the sugar tariff revision bill that is to be reported to the house by the Democratic committee on ways and means have been agreed upon. The measure will be taken up after the passage of the bill preparing a revision of the iron, steel and chemical schedules. If present plans are carried out, the sugar revision bill will impose a duty of \$1 a hundred pounds on the raw product instead of \$1.68, as at present. The reduction will be greater than appears on the surface. Under the reciprocal trade agreement with Cuba, sugar imports from the island are admitted at a rate 20 per cent lower than that imposed on the product coming from other countries. As most of the raw sugar brought to this country comes from Cuba, the Democratic rate of \$1 really means a cut to 80 cents. Only a few of the radicals among the house Democrats will insist on admission of sugar duty free. The house leaders declare that from a revenue standpoint free sugar is an impossibility. They point out that sugar is the largest single item of revenue in the tariff law, and yields about \$60,000,000 a year. They argue that, until other sources of revenue are devised sugar must remain on the dutiable list. It is the opinion of Democratic leaders that the beet sugar industry will not suffer under a rate of \$1 a hundred pounds. While this interest prefers the present tariff, some of its spokesmen say that the proposed rate will not materially injure the beet sugar manufacturers.

### Six Hurt in Train Crash.

Grand Rapids, Mich., Jan. 22.—Six men were injured, two seriously, when two Pere Marquette freight trains, one a double-header, met in a rear-end collision at McCord, a village thirteen miles east of this city. Defective air-brakes on the heavy train were the cause of the wreck, it is said.

### SPECIAL NOTICE.

The first installment of Taxes must be paid on or before the FIRST MONDAY in MAY, otherwise the whole tax will be delinquent and subject to penalties. Particular attention is called to the fact that spring payments, having been extended to the first Monday in May, gives the treasurer less time to make settlements, and it will be to the interest of the taxpayers to be as prompt as possible in paying the same. The second installment must be paid on or before the FIRST MONDAY in NOVEMBER following. Road receipts must be presented on or before the FIRST MONDAY in MAY, 1912. They will not be taken on second installment of taxes.

Call on Auditor for irregularities in Taxes or for reductions to be made. Treasurer cannot make such reductions.

County orders cannot be paid to anyone owing delinquent taxes, and all persons are hereby warned against purchasing such order.

The annual sale of delinquent lands and lots will take place on the second Monday in February, 1912, at 10 o'clock, a. m.

Persons desiring statement of their taxes must make their request at least ten days before the last day as we cannot stop to send statements during the last days of collection.

Parties having complications please come before the rush incident to the last days of Taxpaying.

The Treasurer is guided by the Statutes of Indiana, from which there is no relief. Do not ask him to violate his oath. Taxes unpaid after the first Mondays in May and November are subject to the 10 per cent penalty. We intend to follow the law in each and every case. If taxpayers would avoid the penalty prescribed by law, payment must be made not later than Monday, May 6th, and November 4th, 1912. Remittance post marked Monday, May 6th, and November 4th, and reaching this office next day will be accepted.

Persons owing delinquent taxes should pay them at once. The late law is of such a character that there is no option left the Treasurer but to enforce the collection of delinquent taxes, however much he may regret to collect the same, by sale of property. Nothing is exempt from taxes.

## HENRY PRICE,

Treasurer of Jackson County.

### SPECIAL NOTICE.

Parties having school fund loan on which interest is delinquent will please give payment of said interest their attention before the first day of March, 1912, as the law compels the prompt collection of said interest.

## Good Reading for Next Year

GOOD reading is as necessary to the growth of the mind as good food to the growth of the body. The man who supplies his family with good books and good magazines has done for them the greatest service next to supplying them with food and shelter. We are very glad indeed to announce that

### The Seymour Republican

has made arrangements to receive at this office subscriptions for "the greatest magazine in the world"—The Century, and for "the best loved magazine"—St. Nicholas, for boys and girls.

#### The Century in 1912

will contain—beginning in the January number—a new novel, "Stella Maris," by W. J. Locke, author of "The Beloved Vagabond," etc.

Professor E. A. Ross is writing for the Century during 1912, four articles of great significance and interest on The Middle West and what it stands for. Many policies, he says, now Western, are bound to become in the end American policies.

"Everybody's St. Francis," by Maurice Francis Egan, American Minister to Denmark, will be a noteworthy life of the saint, who for five centuries has stirred the admiration of Catholics and Protestants alike.

The Century has also in hand articles

and pictures of rare interest and value on Charles Dickens and on Napoleon.

"The American Undergraduate," by Clayton Sedgewick Cooper—his general characteristics, "Education à la carte," choosing a college, society life in American colleges, the place of the American undergraduate in the world today—will be full of timely suggestion.

The Century will continue to hold high its standard of art and illustrative features. Timothy Cole's "Masterpieces of American Galleries," Joseph Pennell's series of "The Panama Canal," and Boutet de Monvel's illustrations for St. Francis of Assisi, will be of special interest.

#### St. Nicholas in 1912

will continue to stand at the forefront in juvenile literature—known everywhere as the world's premier magazine for boys and girls. An important serial or series of articles will begin with every number from November to April. St. Nicholas is made for and addressed to the great army of active, bright-minded, young Americans, and

dominated by the American spirit. "Crofton Chums" by Ralph Henry Barbour, author of "The Crimson Sweater," "The Lady of the Lane" by Frederick Orin Bartlett, author of "The Forest Castaways," and "The Knights of the Golden Spur" by Rupert Sargent Holland, will be among the prominent features.

#### A Holiday Suggestion

CAN you think of a better gift to one who likes to read than twelve months' such reading as is found in the Century Magazine? And, if you are a father or a mother, ask yourself if you can think of anything that will bring greater joy to your little flock than St. Nicholas twelve times.

## FOREMOST FEAT OF ENGINEERING

"Railroad Over the Sea" Formally  
Opened Today.

### BIG CELEBRATION AT KEY WEST

Participated in by Representatives of Foreign Countries and a Fleet of American War Vessels, the Celebration Attending the Realization of Henry M. Flagler's Wonderful Dream of Engineering Was Notable Affair.

Key West, Fla., Jan. 22.—This island city is celebrating today her marriage to the mainland, which has been effected by the formal opening of the first great "railroad over the sea," the Key West extension of the Florida East Coast railway, by using the Florida keys as stepping stones. This road runs from Miami to Key West over 156 miles of salt water and is considered the foremost engineering feat of modern times.

The celebration today is international in character. Many of the foreign embassies and legations have sent representatives to take part in the celebration, at the invitation of President Taft. Among them, Italy, Mexico, Portugal, Costa Rica, the Dominican Republic, Ecuador, Guatemala, Salvador and Uruguay. The United States armored cruisers Washington and North Carolina and the scout cruisers Salem and Birmingham, representing the navy, and the Portuguese cruiser Aramada, are participating in the celebration.

The completion of the road across the sea is a tribute to the genius and financial courage of Henry M. Flagler, the Standard Oil magnate. The project will shorten the time from Florida mainland to Cuba by almost twenty hours.

#### A GOOD DOG

Rover Knew Just Where to Go to Find Needed Aid.

New Rochelle, N. Y., Jan. 22.—Vincent De Paul Crennan, commissioner of charities of New Rochelle, was interrupted at his Sunday dinner by the whining and scratching of a big Newfoundland dog at his kitchen door. The dog carried in his mouth the following note, scratched in a child's handwriting: "Dear Mr. Crennan, please, Mr. Crennan, if Rover brings this to you won't you please come and help us. Mamma and papa and Willie are all sick and I am sick, too, and we have no coal or nothing to eat."

The note bore the name and address of a family on Union avenue, West New Rochelle, whom the commissioner had helped a few days ago. When Commissioner Crennan reached the house carrying a bag of coal, meat and groceries from his own cellar, the little girl told him that she did not know how to get a message to him, as they had not had a nickel in the house to pay for a telephone call.

"Rover was lying in front of the cold stove and I thought he might find you because he went with me on Friday. So I wrote the note and gave it to him and told him to take it to you, and Rover understands everything you say to him. But I did not remember where you lived. But he did, and he is a good dog."

#### MENINGITIS IN TEXAS

Has Led to Establishment of Shotgun Quarantine in Small Towns.

Austin, Tex., Jan. 22.—The high death rate in the present meningitis epidemic has so alarmed the people of many of the smaller towns that shotgun quarantines have been put on by the local authorities of these places. At Buda, twenty miles south of here, George Locke, a wealthy ranchman of that section, was shot and killed by Tom Ruby, a local constable, because the former refused to submit to arrest for having entered the town after visiting Austin. Some of the little towns have declared quarantine against the world, and no person is permitted to enter them. Railroads are suffering severely from the effects of local quarantines.

Dr. Ralph Steiner, state health officer, has issued a statement saying that there are no grounds or excuse for the establishment of quarantines against the disease.

#### PUT IT OFF

Peace Negotiations in China Receive a Setback.

Peking, Jan. 22.—It is feared that there has been a serious setback to the prospective settlement between the Imperial clan and the republicans. This is ascribed partly to the irreconcilable younger Manchurian princes and partly to the altered attitude of the republicans who have become very aggressive and are sending ultimatums to the court. On the other hand there are some who profess to believe that an abdication edict will be issued tomorrow.

#### Baby Burned to Death.

Bowling Green, Ky., Jan. 22.—Mrs. Belle McCarty went to church and left her two-year-old daughter in care of Mrs. Daisy Nelson. A coal oil stove exploded and burned the bed and the child.

## Practical Fashions

GIRL'S TUCKED DRESS.

This little frock is tucked across the front and also the back of the waist. Otherwise there is no trimming, the neck being high and the sleeves of three-quarter length. The skirt is kilted and the entire dress opens in the center of the back. Lingerie collars and cuffs will add much to the daintiness of the dress. These frocks are made of serge, panama, brilliantine, novelty materials in plaids and stripes, etc.

The pattern (5602) is cut in sizes 4, 6, 8, 10 and 12 years. Medium size requires 3 3/4 yards of 44 inch material.

Write name and address plainly, and be sure to give size and number of picture. To procure this pattern send 10 cents to "Pattern Department," of this paper.

## OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy to-day, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Andrews Drug Co.

### THE JOKE PROVED FATAL.

It Was a Gray Bearded Old One That  
Got In Its Deadly Work.

"What became of Bill Richardson?"  
I asked of a quaint character I met in  
one of my travels on a western rail-  
road.

"It came about in this way," said the  
commercial agent who tells the story.  
"The reply of my companion for a day  
was: 'He died from the effect of the  
joke that had been played on nearly  
everybody in that town. It may have  
been an old one when the morning  
stars shouted together for aught I  
know, but it was new in our town and  
was sprung by a Maine Yankee who  
had been living in our burg for several  
years. His name was Charley Daven-  
port, and he died many years ago. In  
his shuffling way he went from store  
to store and said that he had just  
heard that a well known citizen had  
got shot. Then the people who had lis-  
tened asked where the man got shot.  
'Davenport said in his drawling voice,  
'He bought 'em.'"

"That very night, after everybody  
who had bit had got through cussin'  
Davenport, Bill Richardson, the old  
hotel keeper of the town, was shot.  
Every one knew Bill Richardson. As  
soon as the accident occurred a friend  
of Bill rushed to a nearby doctor. He  
was a member of one of the big  
churches and was as well known for  
his piety as he was for curing nearly  
everything that came his way. But  
he was a very sensitive man. Rich-  
ardson's friend who called on the doctor  
was greatly excited.

"Doc was upstairs when he was  
summoned to the window by loud  
knocks. He raised the window and  
asked what was wanted. The man be-  
low replied that old Bill Richardson  
had got shot. Now it happened that  
Davenport had sold doc that day on  
the old gag, and he was as mad as a  
harrid hornet about it. So when the  
man below told him that old Bill Rich-  
ardson had got shot doc forgot about  
his religion and yelled back: 'You go  
to blazes. I know where he got 'em!'  
And with that he slammed down the  
window and went to bed.

"Before the friend of old Bill Rich-  
ardson could find another doctor old  
Bill had passed away. He might have  
died anyway, but it hadn't been for  
that old joke he would have had a  
chance. The joke didn't stop with old  
Bill's death. It was soon noised about  
that doc had cussed from his window,  
and he was hailed before the church  
session and there was a smart scandal  
for several days, when it was ex-  
plained how doc had been sold he was  
declared not guilty.

### A Great Lawyer Said

"If I had my way" a famous law-  
yer once said "I would make good  
health as contagious as measles."

Just think of it—suppose you could  
catch good health as easily as you  
catch cold—this would be a poor  
world for doctors and druggists.

Mrs. T. A. Trapp who lives in Ar-  
lington, N. J., has found the next best  
thing to catching good health. She  
says "A few weeks ago I contracted  
a cough which annoyed me a great  
deal as I was badly run down at the  
time. It kept me awake at night and  
distressed me greatly. After two  
weeks of this I began to take Vinol  
and one bottle not only caused my  
cough to disappear but I feel much  
better in every way and can sleep  
well again."

If you can't literally "catch" good  
health, you can at least recover it and  
build yourself up by taking our deli-  
cious cod liver and iron remedy, Vinol.  
It makes weak folks strong, and  
we guarantee it to give perfect satis-  
faction. Your money back if it does  
not. Andrews Drug Co., Seymour,

### DIRTY EGGS DECREASE VALUE

Agricultural Department Estimates  
Loss to Farmers at \$5,000,000  
Every Year.

While there are a few egg producers  
who take the best of care of their  
product, the average farmer considers  
the eggs produced on the farm a by-  
product and makes very little pro-  
vision for their care, aside from gather-  
ing them. A large loss is caused  
by dirty eggs, the number being enor-  
mous, and according to the estimate  
of Secretary Wilson of the depart-  
ment of agriculture this money loss  
to the farmers in the United States  
amounting to about \$5,000,000 annual-  
ly.

This loss is very largely brought  
about by not gathering the eggs often  
enough. In wet weather more dirty  
eggs are found than at any other time.  
This is caused by the fact that the  
hen's feet are often covered with mud  
or other filth, and in going on the nest  
to lay she soils the eggs already in  
the nest.

An insufficient number of nests is  
often the cause of many of the dirty  
eggs found. Eggs are laid on the  
ground and around the hay and straw  
stacks, and becoming stained, are  
classed as "dirties." Again, when too  
many eggs are allowed to remain in a  
nest some are broken and many of the  
others become smeared with broken  
yolks. This condition is often brought  
about by allowing the broody hens to  
use the same nests with the layers.  
On a farm where one nest to every  
four hens is provided and the nests  
are kept clean and well bedded, it is  
found that very few dirty eggs are  
produced.

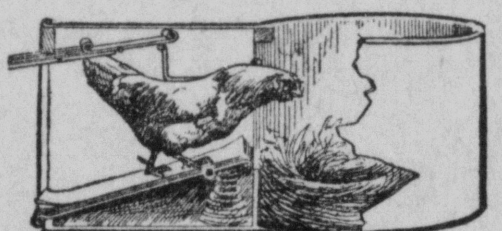

After gathering the eggs, care  
should be taken not to put them where  
they will become heated, or near oil,  
onions, or other vegetables, as they  
readily absorb odors.

Although dirty eggs may be perfect-  
ly fresh, they invariably sell as "sec-  
onds," and when but a few dirty eggs  
are mixed with an otherwise fresh,  
clean lot, they materially decrease  
the price of the clean eggs.

### RECORD NEST IS PRACTICAL

Device Works Automatically and Accu-  
rately, Identifying Each Egg as  
It Is Laid by Hen.

The wide-awake poultrymen who  
are trying to increase their profits by  
systematic breeding and selection will  
certainly welcome the new reading  
nests which are now placed upon the  
market for the first time. These nests

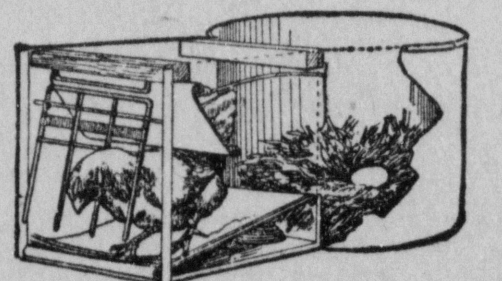

Hen Going on Nest.

work automatically, accurately identi-

fying each egg with the hen that laid  
it. They were invented by two prac-  
tical poultrymen who realize the great  
value of individual records, but, like  
other busy poultrymen, have no time  
to watch trap nests.

The nest designed by the inventors,  
for one purpose—to make the keep-  
ing of individual records a simple and

Hen Leaving Nest.

easy task. This effort was a complete  
and unique success. They are in no  
sense a trap nest, and the hen is at  
liberty to leave at will.

Eggs now are at their highest.  
The best breed is one that suits  
one's purpose best.

A little salt and pepper mixed with  
the mash is good for the hens.

Hens must be fed, and fed a long  
time, before the eggs will come.

Breeding turkeys can be profitably  
kept up to the fifth and sixth year.

The cost of feed for geese is small,  
compared with that for other market  
fowls.

When at all indisposed, a turkey  
should be separated from the rest of  
the flock.

Ducks and geese require deep drink-  
ing vessels, especially if reared and  
kept on land.

A hen, like a human being, needs  
to be made comfortable in order to  
do the best work.

As soon as the breeding season is  
over the male birds should be sepa-  
rated from the hens.

The business of our domestic hen  
is to produce plenty of eggs, and we  
must feed her for them.

Begin to select your breeders for  
next year and cull out and sell those  
that you have not room for this win-  
ter.

## S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because  
it is prepared entirely from the blood purifying and healing extracts of roots,  
herbs and barks taken directly from the natural forests of the land. It does  
not contain the least particle of strong mineral ingredients, and is so pre-  
pared as to aid in the upbuilding of every portion of the system, while driv-  
ing Contagious Blood Poison from the blood. No unpleasant effects ever  
follow the use of S. S. S., such as stomach troubles, dyspepsia, mercurial  
rheumatism, etc., as is so often the case where other medicines are used.  
S. S. S. goes down to the very bottom of the trouble and gently but surely,  
drives out every trace of the disease, cleanses and purifies the circulation, and  
by its fine vegetable tonic effects, assists the system to rapidly overcome the  
ravages of the disease, and regain its natural healthful condition. S. S. S.  
does not cover up or hide the symptoms for awhile, to break out later, but  
so thoroughly does it remove the cause that no signs of the trouble ever re-  
turn. S. S. S., Nature's cure, is the surest and safest remedy for Contagious  
Blood Poison. Home Treatment Book with valuable suggestions and infor-  
mation, and any medical advice free to all who write.
